R-Dent Dental Laboratory's General Warranty

R-Dent Dental Laboratory warrants that all dental devices are made according to the doctor's specifications and approval in the belief that the device will be useful and makes no other warranties including, but not limited to, any implied warrant of merchantability or fitness of a particular purpose. This Limited Warranty and Limitation of Liability will be extended with the presentation of a verified proof-of-purchase, which includes an original invoice number/date, patient's name, and the original model. This limited warranty extends only to the original purchaser of a device and does not extend to patients or other individuals and/or entities to whom the device(s) is/are sold, implanted, inserted, or delivered. Subject to the return of a device that is placed and then fails, the lab will repair or remake the device without charge for the cost of materials and workmanship or credit the original price paid, at the lab's option. Specific product warranties are sent with each individual case and is warranted against defects in workmanship and materials for the period specified from the delivery date.

What Is Covered:

- » Repair or replacement of the product.

What Is Not Covered:

- » Cash refund of prosthesis.
- » Cost incurred for removal or reinsertion.
- » Repairs resulting from accident, neglect, abuse, failure of supportive tooth or tissue structures, improper adjustments or improper dental hygiene.
- » Incidental or consequential damages including inconvenience, lost wages, and pain and suffering.
- » Implant cosmetic or precision attachment cases.
- » Shipping costs for repairs.

Conditions Which Must Be Met For Warranty To Apply:

- » Prosthesis must be inserted by a licensed practicing dentist.
- » Patient must adhere to a semi-annual dental maintenance program (cleaning and exam) in the office of a licensed practicing dentist.
- » Within the limitations of the warranty, the prosthesis, written work authorization and the Original Invoice must be sent to R-Dent Dental Laboratory.

Prices shown are per unit, appliance or arch, do not include taxes, and can be subject to change without notice.

Days in Lab (not including day received, weekends, and/or holidays)	
All Restorations.....	10 business days

Inbound shipping is always free. Outbound shipping is \$13 per shipment. Bundle and save!

The Progressive Value Guarantee

R-Dent Dental Laboratory guarantees that the original restoration(s) requested will fit the model work and be fabricated per instructed on the original Rx. Each Rx must be filled out completely for all services/particulars to be performed. R-Dent does not pull prior information from previous prescriptions. This guarantee will be honored ONLY with all of the following: original model work, original impression, and original invoice number. R-Dent reserves the right to determine if its guarantee is applicable and if credits will be applied to a remake case.

THE R-DENT ADVANTAGE

Personalized Service

At R-Dent, we value building lasting relationships with doctors, patients, and the lab. As a family-owned business, we're committed to excellent customer service and high-quality products. Give us a try on your next case!

Digital & Traditional Case Experts

R-Dent expertly handles both traditional and digital cases, using the latest technology for precise restorations that save your practice time and money. Submit digital cases and save \$10 on C&B restorations every day.

R-DENT'S STORY

Daxton Grubb

In 1978, Randy Grubb faced a choice between being a dentist or a dental technician. He chose the latter and founded R-Dent Dental Laboratory with a commitment to excellent customer service, high-quality Crown & Bridge products, and impeccable esthetics.

As a family-owned business, R-Dent still upholds these values today under the leadership of Randy's son, Daxton, who became President & CEO in 2002. Daxton has expanded R-Dent's focus to include digital solutions, and the lab continues to grow, helping dentists thrive while honoring the legacy Randy built.
